JUST JUNE IN STOCKINGS: £ 5.00

It is unusual to come across negatives featuring June wearing underwear as the majority of her model work concentrated on nude posing. We are therefore delighted to offer this compilation of poses featuring June in a lovely assortment of undies with the concentration on those wonderful silky items of hose.

This collection covers a fairly wide span of June's career from teenage years to the late seventies.

The cover gives a taste of what is to come with two saucy shots of June at her prettiest and wearing white nylon bra and flounced waist petticoat which is raised to flash off her stockings and suspenders. Other poses include wonderbra and matching suspender belt and stockings, open negligee and lace bra, panties, stockings and suspenders, high heels, fringed panties, seamed stockings, fish-net stockings, full cotton skirt and lots more.

These are not studio or location shots but posed holiday photographs taken by the talented Arthur Howell who was at the time her husband.

We feel that this collection shows June at her best and most lovely. She is clearly very relaxed, happy and enjoying her holiday in Corsica a great deal.

We have used a rich sepia tone in printing to compliment June's fabulous all over tan. Just imagine, June laying under the sun, nude and covered in oil as she relaxes on a lilo. Just one of the stunning shots used in this 32 page magazine. Other poses include June in bikini, in shorts, in briefs wearing a fedora hat, open shirt, open negligee etc. You won't be disappointed with this collection. £5.00

Pamela Green tells us that Lorraine was a trained acrobat and could produce cartwheels and back flips at the drop of a hat. She was also a great fun person to be around and was one of Pamela's favourite posing partners.

This collection of lovely full page original Harrison Marks negatives shows the very large breasted Lorraine posing naked as she kneels on a brass bedstead, wearing open black lace negligee, black nylon panties, stockings and garters, showgirl style with long lame gloves and feather head dress, nude on the beach wearing long black wig, nude studio poses sporting a blonde short crop, etc. etc.

Using both studio and outdoor location work for this compilation Marie poses to give full advantage of her wonderful figure.

Sitting on the beach wearing blonde wig and sarong wrap, stood on the beach as she oils her body, kneeling naked in the sand, laying on a sheepskin rug wearing elegant long earrings, sitting naked on a chair sporting pigtails and lots more.
